

BETA TESTER FEEDBACK PROGRAM

COMPREHENSIVE PRINT &
MAIL-IN FEEDBACK FORM

Please use this comprehensive questionnaire to evaluate the system's accuracy, utility, and UI during your active testing period. Your structured insights are critical to refining our predictive intelligence pipeline.

1. DATA ACCURACY & VERIFICATION

A. Signal Ground-Truth: How accurately did the app's predictive signals correlate to real-world corporate expansions or real estate movements you've observed?

- ☐ [] **Extremely Accurate:** Handled verification flawlessly with minimal lag.
- ☐ [] **Highly Directional:** The signals are real but require manual vetting.
- ☐ [] **Unverified / Weak:** Found high rates of outdated/incorrect data.

Notes / Specific Discrepancies Found during Verification:

2. INTERFACE, NAVIGATION, & WORKFLOW

A. UI Intuitive Score: Please rate the ease of navigating between the Sandbox, NER Studio, and CRM tabs:

1 - Clunky

2 - Confusing

3 - Standard

4 - Seamless

5 - Flawless

Which specific tab or layout felt the most "clunky" or difficult to use?

3. TRAINING & PLAYBOOK UTILITY

A. Tactical Field Guide: Did the Field Guide and Playbook effectively teach you (or your staff) how to turn raw alternative data into a broker commission?

- ☐ [] Yes, it is fully complete and ready to deploy in our brokerage.
- ☐ [] It's helpful but needs more localized Nevada regulatory/zoning guidance.
- ☐ [] No, it is too technical/dense for typical real estate workflows.

What features, fields, or templates are missing from the playbook?
